10.10	Student feedback mechanism on Institutional Governance/faculty/performance	<p>We have a healthy, professional, transparent and unbiased system on the subject. The system helps us in identification of our strengths and weaknesses which further makes our strengths more strong and helps us in converting our weaknesses into strengths. We maintain suitable Registers are maintained wherein the students are free to give their comments/ remarks on various non-academic operations. The comments/remarks are reviewed periodically by the Administrative Officer and the Coordinator who, in consultation with the Director, take remedial measures for overcoming the weaknesses. In addition, students can give their feedback on institutional governance in a prescribed format through Academic Automation System (AIS). The feedback so collected in every term is reviewed at regular intervals by the Management to ensure better governance to the stakeholders.</p> <p>We have well devised forms for obtaining feedback in respect of performance of faculty. The students are not required to disclose their identity while giving the feedback. The feedback covers 8 questions related to faculty's academic performance as felt by a student. The analytical study of the feedback, collected from the students, is shared with the faculty member so as to apprise them of their strengths and weaknesses. Periodic counseling is also organised by the respective Area Chairs.</p>
